

EX-6-3796

13 December 1954

MEMORANDUM FOR: Assistant Director for Personnel

SUBJECT : Payment for Transportation of Household Goods and Personal Effects - [REDACTED]

25X1A9a

REFERENCE : (a) Your Memorandum dated 1 November 1954 to Deputy Director (Administration), in re: subject above, with attachments

(b) Memorandum from Office of the General Counsel to Deputy Director (Administration), dated 9 December 1954, in re: subject above

1. There is attached the complete set of papers in this case, including the most recent, an opinion of the Office of the General Counsel (Reference (b)), to which your attention is invited. Reference (b) was a review of an earlier opinion by that office, dated 19 August 1954, wherein the claim of [REDACTED] for shipment and storage of his household and personal effects was denied.

2. In accordance with the findings of the Office of the General Counsel, and subject to those limitations pertaining to maximum allowable weight of effects, it appears in order to suggest that the Far East Division amend [REDACTED] Travel Order (FE-691-54) dated 15 February 1954, which authorized his return from [REDACTED]. Such amendment should contain authorization to ship household and personal effects from Concord, New Hampshire, to Washington, D. C., subject to appropriate maximum allowable weight limitations. Authorization should also be included for commercial storage of these effects in Washington, D. C., for a period not to exceed six months from date of their receipt in commercial storage. You will note that a portion of [REDACTED] effects (1,578 pounds) may not be covered for shipment or storage, since the amount was in excess of that allowed for his enlisted rank.

3. Since the amount of the claim is appreciating daily, because of continuing storage costs, no effort has been made by this office to determine the exact size of the payment to which [REDACTED] is entitled. That determination will be made by Passenger Movement Branch, Transportation Division, Logistics Office, once the amended Travel Order is returned to them for action.
